VOLUNTEER WITH THE KEY

Each year, our volunteers play a vital role in supporting young people growing up in poverty or facing challenges from across the North East of England. By working together, we empower them build skills, confidence, and resilience so they can believe in themselves, unlock their potential, and lead fulfilling lives.

VOLUNTEER PANEL MEMBER

As a volunteer panel member, you'll listen, offer encouragement, ask questions, and gently challenge their thinking to help them unlock their potential. You'll hear inspiring stories and see young people discover what they're capable of.

Join a 30-minute panel where young people pitch their ideas, share what drives them, and show how they're developing too.

Think Dragons' Den but friendlier, and for a great cause.
